

Product Offering

TAPCO Circuit Supply is proud to partner with the following Industry Leading Suppliers to the PCB Industry

Lamination, Inner and Outer Layer Processing

Partner	Materials
ITEQ Corporation	Lead-Free FR4, Low-Loss, Very Low-Loss, Halogen Free, Thermally Conductive, Core and Prepreg
Oak-Mitsui	Copper Foil, Aluminum Bonded Copper (ABC)
Airtech International	Conformal Films, Release Films, Press Pads
TADCO	Lamination Plates, Separators and Fixtures
Burkle North America	Lamination Press and Automation Technology

Imaging and Wet Process

Partner	Materials
Dow Electronic Materials*	Full Range of Chemical and Dry Film Solutions for the PCB Industry
Schmid Group	Wet Processing Equipment
Bacher	Inner Layer Registration and Accuracy Systems
Copper Oxide	Ultra-Pure material for various applications

Drilling and Routing

Partner	Materials
TCT Carbide International / HAM Prazision	Full Range of PCB Cutting Tools Micro Drills, Routers, Endmills and Specialty Tools
Schmoll Maschinen	Precision, High Technology Drilling Machines
Beck's Light Gauge Aluminum	Solid Aluminum Entry Material - Various Thicknesses, Proprietary Alloys
Summit Accusheet, Summit Ultimate	Engineered Coated Entry, Melamine Clad HDF Backup, Gold Phenolic
FASTechnologies, Corp.	Drill Room Software Solutions
Automated Repointing Engineering Support	Total Drill Room Management: Repoint, Troubleshooting, Engineering, Drill Lab with Vision and Cross Sectioning Capabilities

Electrical Testing

Partner	Materials
ATG Luther Maelzer*	Flying Probe and Universal Grid Testing Systems
Materials	Various Fixture Substrates and Pins

Other Quality Materials

Partner	Materials
3M, PPI	Tapes and Adhesives for a variety of applications
SDI, Inc.	Rollers, Brushes, Clean Room Materials, Misc. Products
